THE WAR IS ENDED.

Practically the war between Russia and Japan is at an end and there will be no more fighting.

At the peace conference, at Portsmouth yesterday, complete accord was arrived at on all questions and it was decided to proceed to the elaboration of a treaty of peace.

The Japanese yielded practically everything and abandoned their demands not only for indemnity, but for the repurchase of the northern half of Sakhalin, Russia at the same time agreeing to division of the island.

President Roosevelt is again the world's great ideal ruler.

ATTEND to the matter of your registration if you want to vote this fall. Sept. 7th is the last day.

COL. BRYAN will go to the Orient instead of to Europe. This will cause the earth to tip the other way.

NO REPUBLICAN should neglect to be registered. See that your name is on the list before Sept. 7th.

PRESIDENT ROOSEVELT has never failed to make good in an emergency, and it would be discourteous in the Russians and Japanese not to agree upon something.

An eminent German chemist who recently traveled in the United States expressed his astonishment that so much had been permitted to be sold in this country. He took samples and made many analyses, and said that in many tests he "found fossil oil, almond oil, and wood alcohol, poisons that once entering the human system could never be extracted, and which would go down the generations making weaklings."

PRESIDENT ROOSEVELT's order that Wilkes-Barre shall have the full benefit of its compound name in the post office and other government departments, instead of having the rather meaningless reference of Wilkes-Barre, will cause unbounded joy in that good old town. The name was adopted in honor of two members of the English Parliament, who were friends of this country when friends were needed, and the ordinary way of using the names destroyed the purpose and meaning. Officially recognized by the national government as Wilkes-Barre, that style will obtain everywhere.

The percentage of American-born children to the general population of this country has materially decreased since the time of the civil war. The figures of a census bulletin on the subject, based upon comparison of the eighth with the twelfth census, disclose a startling falling off in child propagation among Americans. In 1860 the number of children under five years of age to one thousand of women between the ages of fifteen and forty-five, was six hundred and thirty-four. In 1900 it was only four hundred and seventy-four. In other words, the proportion of children to potential mothers in 1900 was only three-fourths as large as in 1860. The author of the bulletin does not seek to give any reason for this peculiar state of affairs, as universal explanation is not possible. The explanation that is true for the north and east does not appear to hold for the south and west. The theory that race suicide in the cities is caused by the hurrying, busy life that is led by the citizens does not harmonize with the conditions that exist in the north, central and western states.

Forty million bottles of August Flower sold in the United States alone since its introduction! And the demand for it is still growing. Isn't that a fine showing of success? Don't it prove that August Flower has had unflinching success in the cure of indigestion and dyspepsia—the two greatest enemies of health and happiness? Does it not afford the best evidence that August Flower is a sure specific for all stomach and intestinal disorders—that it has proved itself the best of all liver regulators? August Flower has a matchless record of over thirty-five years in curing the ailing millions of these distressing complaints—a success that is becoming wider in its scope every day, at home and abroad, as the fame of August Flower spreads. Trial bottles, 25c; regular size, 75c. For sale by Dunn & Fulton.

THE COUNTY COMMISSIONERS' convention in session at Erie, decided that the next Legislature shall be asked to provide for taxing public utilities for the benefit of the counties. It was argued that much property has been purchased by these corporations, which previous to their acquisition it paid taxes to the local treasury, but afterward did not as the corporations themselves are taxed by the State. "This brings up the old question which has been for many years agitated by farmers' organizations. If what is proposed is to be accomplished it will involve a revision of the whole system of taxing corporations, and might compel a considerable reduction in the amount of money now regularly voted out of the State treasury for local benefits of one sort or another," cautiously observes the Philadelphia Press. But the Press being just now engaged in the heroic task of reforming the municipality of Brotherly Love, couldn't be expected to waste much time in the endorsement of any plan that has for its object the curbing of the greed of corporations and compelling them to disgorge a portion of their immense profits for the benefit of the less favored taxpayer.

Neighbor of Plummer Speaks.

The editor of the Altoona Morning Tribune, in commenting upon the Democracy's program, among other things, says:

"They hope to elect their candidate for state treasurer this year, and by means of the enthusiasm thus created to open the way for a vigorous campaign for the election of a Democratic governor and a lot of Democratic congressmen. Yet, in spite of their vague talk, there is nothing about the administration of the state government which they could better. Every department is being vigorously and carefully administered in the public interest by honest men. The state treasury is open always to the inspection of the citizens of the state, and even the Pharisee whom the Democrats have nominated for state treasurer did not dare bring an accusation against the present incumbent.

"There is not a human being, friend or foe, who knows J. Lee Plummer who does not know that the money of the state would be sacrilegiously guarded while in his custody. His entire life has been spent in this county, and the only charge his worst enemies can bring against him is that he is a stalwart Republican and that all his life he has supported Republican measures and voted for Republican candidates. He believes in the Republican party and he has adhered to it with all the enthusiasm of a patriotic nature from his boyhood up. It is preposterous, therefore, to suppose that the Republican rank and file will vote for Mr. Plummer's Democratic opponent because the situation is not what it ought to be in Philadelphia or because the Democrats, making a virtue of political chicanery, have nominated the Republican candidate for justice of the supreme court for the same office.

"Judge Stewart need not flatter his soul that his pre-eminence as a jurist, his stalwart character as a man, or his reputation for political independence, moved Mr. Guffey to the action which he prompted his convention to take. Oh, no; it was simply the desperate hope that this bit of down right demagoguery might bring some independent Republicans into the Democratic camp and thus swell the vote of Berry. In view of the general efficiency of our state government and of the Republican purpose to grant everything desired by a majority of the people, we do not think Mr. Guffey's scheme will work out into a brilliant success."

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

DEAR SIR:—It costs two or three times as much to put paint on as to buy it. A gallon of poor paint costs as much as a gallon of good, for the work; and a gallon of poor don't go half as far. Poor paint lasts half or a third or a quarter as long as good; and protects wood and iron a half or a third or a quarter as well as good.

Do you buy good paint or poor? You don't know any poor? Why, the market is full of it!

Argument Court.

At the adjourned court held on Monday, 28th inst., the Judges were all present, and considerable business of a miscellaneous character was transacted.

Motions and petitions being first in order, a petition of Mrs. McCafferty, an heir of James Fitzgerald, who died on his farm near Tionesta 19 years ago, for a partition of the farm was presented and a decree for the appointment of an inquest was made.

Upon motions of attorneys and rule by sheriff, interpleaders were formed to try the rights of property in the case of Gugenheim Bros. vs. Geo. P. Frey. Also in case of Falkenburg vs. J. N. Gerow, an interpleader issue was formed.

The case of Lanson vs. McKinley was continued for a hearing at chambers until the 9th day of September, the attorneys intimating that there was some prospect of a settlement in the meantime.

A statement of distribution in the matter of the G. G. Slickles estate and a petition for the discharge of S. D. Irwin, Master, was presented, which account was confirmed and petitioner discharged.

The Court discharged S. J. Setlev on his own request as collector of taxes of Tionesta Boro for 1905, on account of poor health, and later Wm. H. Hood was appointed, and filed his bond to the satisfaction of the Court.

There is a vacancy in the office of collector in Howe township, which will be supplied by the Court at its next meeting. J. E. Chidester, guardian of the minor children of M. V. Patterson, deceased, was granted the power to lease to S. R. Crossman for oil and gas purposes, 210 acres of land in Barnett township.

Widow's exemptions were confirmed in the estates of S. J. Wolcott, deceased, and David Zuck, deceased.

The Court gave notice that the bonds of foreign security companies would not be accepted in the future in granting liquor licenses.

A petition of Kingsley township citizens was presented asking for a view for a county bridge over Tionesta creek at Kelleetville. D. W. Clark, of the borough, was appointed artist, and J. J. Parsons and E. A. Yetter, of Marienville, viewers.

E. H. Beshlin, of Warren, and W. J. Breene, of Oil City, were among the outside attorneys in attendance.

RECENT DEATHS.

ADAMS. Robert Adams, aged 85 years, died at his home at Henry's Bend at 5 o'clock on Wednesday afternoon of last week from paralysis. The deceased had been a resident of that place since the early 60s and had a wide circle of friends among the early oil and rivermen. By occupation, he was a farmer, and his hospitable home was always open to visitors from the surrounding neighborhood. His wife died about six months ago. Up to that time he was remarkably robust and free from sickness, his age considered, but with her death his ambition seemed to be gone, and he was never a well man from that time until his death. Two weeks ago his daughter, Mrs. Roberts, died, leaving 13 children. Returning from her funeral, he was overcome by shock and grief, and was seized with the stroke of paralysis that caused his death. He is survived by seven children, among whom is Mrs. J. W. McCrea, of Tionesta. The funeral services were held at the family residence Friday morning and the body was taken to Oil City where the interment in Grove Hill cemetery took place.

PROCLAMATION.

WHEREAS, The Hon. W. M. Lindsey, President Judge of the Court of Common Pleas and Quarter Sessions in and for the county of Forest, has issued his precept for holding a Court of Common Pleas, Quarter Sessions of the Peace, Orphans' Court, Over and Terminer and General Jail Delivery, at Tionesta, for the County of Forest, to commence on the Fourth Monday of September, being the 25th day of September, 1906. Notice is therefore given to the Coroner, Justices of the Peace and Constables of said county, that they be then and there in their proper persons at ten o'clock A. M., of said day with their records, inquisitions, examination, and other memoranda, to do those things which to their office appertain to be done, and to those who are bound in recognizance to prosecute against the prisoners that are or shall be in the jail of Forest County, that they may be then and there to prosecute against them as shall be just. Given under my hand and seal this 28th day of August, A. D. 1906.

TRIAL LIST.

List of causes set down for trial in the Court of Common Pleas of Forest County, Pennsylvania, commencing on the Fourth Monday of September, 1906: 1. J. E. Beck vs. M. C. Watson, No. 28, September term, 1901. Motion to open judgment. 2. Fred Morek vs. J. G. C. Sigworth, No. 28, February term, 1904. Replevin returnable May 5, 1904. 3. O. W. Proper, Et Retta Proper, F. C. Proper, Etta Walters vs. J. G. C. Sigworth, No. 28, February term, 1904. Summons in action of trespass. 4. Leota Hoover vs. John Hoover, No. 3, February term, 1901. Divorce. 5. W. A. Reese vs. Brown & McManigle, No. 18, September term, 1904. Summons in assumpsit. 6. W. L. Thompson vs. G. Ed. Gerow, No. 15, May term, 1905. Capias in trespass. 7. W. S. McChesney vs. Frank Brown and Monroe McManigle, co-partners doing business as Brown & McManigle, No. 13, September term, 1905. Summons in assumpsit. 8. George M. Miller vs. J. M. Bemis and Harry C. Bemis, partners doing business as J. M. Bemis & Son, No. 17, September term, 1904. Summons in Assumpsit. Attest, J. C. GEIST, Prothonotary, Tionesta, Pa., August 28, 1906.

To the Good Dressers of Tionesta and Vicinity:--

I wish to announce that the new fall and winter line of samples for Men's and Boys' Made-to-Measure Clothing, from the Glasgow Woolen Mills Co., of Oil City, has been received by me and can be seen and inspected by calling at the Lanson building, next door to White Star Grocery. To say that the line is a complete one is putting it very mild, as it without doubt contains more selections and better values than any line ever shown here. In this elaborate display you will find all the popular weaves known in men's goods from which you may select a Suit, Overcoat, Top Coat or Rain Coat and have it Made to Your Measure at a very nominal cost.

Suits, Top Coats, Rain Coats, \$15 Made to Measure Satisfactorily

And this backed by Glasgow's world famous guarantee, "No Fit, No Pay, is the Glasgow Way." And of course, we have them at higher prices, ranging from \$18 to \$35.

As to styles, both Single and Double Breasted Sack Coats will be "in it" this fall, made in either three or four button styles, with vent at either center or side seams and with corners only slightly rounded on the single breasted style. The most radical change is in the length. All coats will be longer.

In Trousers either full or one-half peg top are right.

However, by coming here for your clothes you may have them made in any style to suit your own little whims. I will indeed appreciate your order for a Suit, Overcoat, Rain Coat, Top Coat, or pair of Trousers.

Respectfully, H. B. FEIT, Manager Tionesta Branch.
